

Evaluation / Feedback-

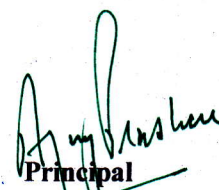

The college constantly focuses in achieving all the updation, augmentation and maintenance of infrastructure every year. The strategic planning is done by the management of the college catering to the weaker sections of the society, SC/ST for the smooth functioning of the college. All the financial constraints are met by the Diocese of Jalandhar so that education can reach into the hands of needy people. The Execution of the expenditure on infrastructure and its maintenance is discussed by the Governing body and Administrative Council. The college has appointed a system administrator to provide all the facilities related to IT infrastructure.
